

Sta Kill - Concentrated Deodoriser

This powerful deodoriser contains active bactericides and urine neutralizing agents to help prevent stains. Sta-kill is the professional solution to the eradication of malodours from urine, vomit, mildew, smoke, cooking and pet soiling. With a neutral pH, Sta-kill may be used confidently on carpets and upholstery fabrics, as well as hard surfaces. Sta-kill is also an excellent pre-spray on soiled clothing prior to laundering. Used in conjunction with Sanitaire, Sta-kill sanitises and deodorises upholstery and carpets contaminated with body spills between cleaning cycles.
