

Citra Clean - Concentrate

Citra Clean may be used successfully for all types of janitorial and most industrial cleaning applications. Undiluted it will remove chewing gum and tar from carpets as well as grease, ink, adhesive and sealant from almost any surface. Citra Clean is great on walls, painted surfaces concrete and terrazzo, and will quickly remove sticky finger marks as well as black shoe scuffs. For the caterer, Citra Clean lifts grease and carbon from ovens, cleans griddles, BBQ's and all types of ducting and extraction filter equipment. In the industrial market, this remarkable product removes greasy grime and oil from machinery, vehicles and work areas, as well as oil and diesel spillages from drives and floors.
