

Scrubber & Polishers - **NRL 1500**

Simple to use Operator Handle

Hi-Lo Switch

Extra Large Brush

Heavy Duty Gear box

10Kg Weight

When it comes to large areas of floor maintenance or restoration there is no substitute for both size and weight.

The NRL uses a range of 550mm brushes and 500mm floor pads and is supplied in a 40kg specification and fitted with the Automatic Torque Control Systems designed to give constant performance under even the most arduous conditions.

In the standard 150rpm specification the NRL is a genuine 'workhorse' which, by virtue of its size, weight and drive system, will exhibit excellent handling characteristics in the majority of applications.

The 'snap-on' 10 kg standard weight can be easily removed, and replaced as required to suit various applications.

Fast and user friendly like never before.

Model No	Motor	Pad	Brush	Power	Speed	Vacuum	Range	Weight	Size
NRL 1500	1500 w	500mm	550mm	230V AC 50 Hz	150 rpm	Optional NDT 130	32m	40 kg	1250 x 610 x 540 mm
