

Micro Fibre Mop with Collapsible Frame - **CCM 40**

Without doubt one of the most useful floorcare mopping accessories for professional use.

The standard cleaning head is manufactured from a fabric specially developed and woven to provide excellent dirt retention characteristics and is able to be washed quickly yet effectively ,even by hand but it also machine washable.

The mop head is easily removed and replaced due to the simple elasticated pocket system-no special fixing.

Simple Practical and Professional ... Never Better
