

Cable Operated Compact Walk Behind Scrubber Drier - C 2545

The C 2545 Mains cable floorcare machine has been engineered to substantially reduce size whilst, at the same time, maximise the performance and handling.

The C 2545 allows hard floor maintenance in areas previously cleaned by mopping systems, but some 30% faster and to an improved standard. With its low noise level and unobtrusive appearance this machine will find itself fully at home in many, if not all, commercial environments be it hospitals, clinics, restaurants, cafeterias, offices, bank and hotel lobbies, etc.

Wherever there's a need for a simple, user friendly, one-pass cleaning machine the C 2545 will be sure to match, or exceed, your expectations.

HOURLY PERFORMANCE

1700 M²/H

Cleaning Width	Squeegee Width	Brush RPM	Brush Motor Power	Vacuum Motor Power	Fresh Water Tank	Dirty Water Tank	Cable Length	Performance /hour	Dimensions	Machine Weight
