

## Upright Vacuum Cleaner – BT 450

Ergonomic Handle

BT 450 is heavy-duty and reliable upright vacuum cleaner, with a cylindrical rotating brush, designed to vacuum carpet deeply. It is available in two sizes, for cleaning large or smaller areas.

The action of the rotating brush allows removing dust, sand and solid dirt residuals from the carpet fibres.

It is very important to use an upright vacuum cleaner with rotating brush on a daily basis, to maintain carpet in better conditions and extend the life time of the carpets as well. It is also an essential operation before carpet cleaning.

Flexible Hose
