

## Battery Operated Micro Scrubber Drier – C 235

Locking System

Easy Upright Storage

On and Off Power Button

The C 235 battery operated Scrubber drier is ideal for small sized floors where there is lots of free space or you have to navigate around tables, desks, machinery or beds. It is the ideal cleaning solution whether for a daily clean, or a planned scheduled and aggressive deep clean.

The unique handle adjustment makes it suitable for any user and offers easy upright storage. All functions are controlled from the operator handle with an in built safety grip for easy maneuverability.

Ideal to be used for small washrooms, aisle spaces in supermarkets, offices, shops, pantries, kitchens, restaurants, hotel guest rooms, and homes.
