

Micro Fibre Mop with Collapsible Frame – CCWM 40

Collapsible Frame

Without doubt one of the most useful floorcare mopping accessories for professional use.

The standard cleaning head is manufactured from a fabric specially developed and woven to provide excellent dirt retention characteristics and is able to be washed quickly yet effectively even by hand, and it is also machine washable.

The mop head is easily removed and replaced due to the simple elasticated pocket system-no special fixing.

Simple Practical and Professional ... Never Better.

CCWM 40 is an collapsible mop that has a full 40 cm (16") Microfiber mop head.
