

Scrubbers & Polishers – HFM 1523

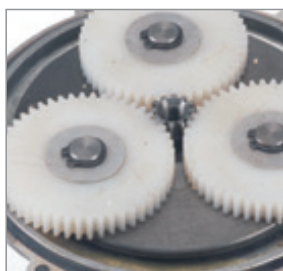

Simple To Use
Operator Handle

Large Solution Tank

Optional Hi-Dust Filter

150/230 RPM Gear Box

The HFM 1523 provides superb performance, the machines come with 230 RPM speed making the machine suitable for the complete range of floor care operations. The enhanced Hurricane cooling system added to the ATC, (Automatic Torque Control) provides superb performance with a full 450 mm brush range together and a 400 mm Pad Loc pad drive system. The Hurricane motor concept is designed to keep its “Cool” under continuous and arduous operation whilst its seamless power transmission to the floor is via our long life, oil filled, low load planetary gear box. All models are fitted as standard with our generous oversize Hurricane 1500W drive motor allowing for higher speeds and the use of added weight as required. With the range of speeds available, machines can be selected to cover the whole range of floor care maintenance be it scrubbing, polishing, buffing, burnishing or spray cleaning.

Technical Specification
