

## Twintec Cable Scrubber Drier – TT 6650 G

Simple To Use  
Operator Handle

Filter System

Easy Tank-Filling Access

Power Head Tilting System

The TT 6650 G cable machine is a genuine workhorse providing a truly cost-effective answer to big area floor maintenance.

First and foremost the user will find the TT 6650 G as easy to use as our smaller machines with the control and operation systems of exactly the same specification. It handles like a dream.

Big capacity polyform tanks provide a full 60 Ltrs capacity to match the exceptionally stable 650 mm single brush scrubbing head, complemented by an over-sized fully floating 970 mm polyurethane, semi-parabolic collection nozzle.

The motor and power transmission design are one of the best; well and truly time tested over the years and the vacuum motor system is nothing less than our superb Twin flow bypass unit. You really do end up with clean, dry floors.
