

Sabrina Maxi

Suction Hose

Dirty Water Tank

Non Marking Castors

Sabrina Maxi is a professional machine for cleaning medium areas of carpet. Its high-waterlift vacuum system allows to recover the maximum quantity of dirt from carpet and to get a shortest drying time. Strong, compact and easy to carry, this machine is ideal for cleaning companies. Its small width makes it particularly suitable also for cleaning in trains, busses, cinemas and planes.

Advantages of Sabrina-Maxi:

- High-waterlift technology allows incomparable dirt removal and shortest drying time: Carpet can be dry in 1 hour!
- The size of the machine is small compared to its tank capacity. The machine is easy to carry even in a small car.
- Carpet tool with aluminum vacuum head, practically indestructible.
- Special profile of the vacuum head, which allows to get the best suction even when the tool inclination changes.
- The height of the handle is adjustable, for greater ergonomics. The handle allows the worker to lift the tool and to press the vacuum head down on carpet with a very small effort.
- Spraying valve designed for avoiding any breaking.
- Tubes in stainless steel, strong and rustproof for the whole machine life.
- Quick disconnect spray nozzles, which can be removed by hand, without using any tool. The nozzles can be easily cleaned.
- It is possible to attach the optional instant hot water unit (HT1800) to the machine, in order to make the cleaning even more effective.
- Using the optional power-brush tool NS270BRUSH, it is possible to get excellent cleaning results, leaving carpet perfectly clean and dry in a single pass.
- With the optional vacuum tool NS270TURBODUST, it is possible to vacuum dust before cleaning, with the same machine.

Technical Specification

HOURLY PERFORMANCE  **80 M²/H**
