

Charnock Wide Area Carpet Vacuum – CWV 6635

Height Adjustment Handle

CWV 6635 is Charnock's dedicated wide area carpet vacuum cleaner with contra rotating brushes.

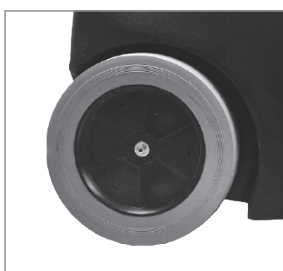

With its height-adjustable handle, the CWV 6635 is easy to balance and push with one hand. The handle folds down for space-saving storage and easy transport. The practical integrated cable hook allows space-saving storage of the 25-metre power cord. The hook is rotatable for quick and easy removal. Large, wide-opening filter cover enables easy access to the filter system. It is also enabled with quick release system for easy changing of both roller brushes.

Control Panel

Features:

- Increased efficiency - CWV 6635 is a powerful brush vacuum cleaner for efficient daily cleaning of large carpet areas e.g. in airports, hallways and corridors. With a working width of 66 cm and durable dual vacuum motors, the productivity of the machine is unmatched.
- Ergonomy and simplicity - The adjustable operator's handle and ergonomic design makes vacuuming more comfortable. It is easy to maneuver, simple to control, with very little training required. The brush stops turning when the handle is released. Wear indicators on the brush indicate when it is time for replacement.
- Maximum versatility- The flexible hose allows areas above the floor to be easily cleaned. A variety of accessories come as standard with the machine and the height adjustable brush allows efficient vacuuming on different types of carpet.
