

Dry Vacuum Cleaner – CD 10

Standard Accessories

Engineered for superior cleaning performance, this vacuum cleaner is designed to efficiently remove dry dust, fine particles, and debris from a wide range of surfaces including floors, carpets, upholstery, and corners. Its high-efficiency motor delivers strong and consistent suction, ensuring thorough cleaning even in high-traffic areas.

The advanced filtration system traps fine dust particles, helping maintain cleaner and healthier indoor air quality. Built with a durable body and user-friendly design, the machine offers low noise operation, smooth mobility, and easy maintenance—making it ideal for continuous commercial use.

Compact yet powerful, this vacuum cleaner enhances productivity while reducing cleaning time and effort. It is a reliable solution for professional cleaning applications across multiple industries.

Key Features:

- Powerful high-efficiency motor
- Strong and consistent suction performance
- Advanced filtration for fine dust control with optional HEPA Filters
- Low noise operation
- Durable and impact-resistant construction
- Easy handling and maintenance

Suitable For:

Offices | Hotels | Hospitals | Airports
Malls | Retail Spaces | Industrial Facilities
